Promoting a Quality Workforce

As part of the Workforce Development System, our mission is to promote the development of a quality workforce in Oswego County. We help local employers access the tools they need to manage their workforce through information and high-quality services.

Overarching Goals:

- To have a system that is customer-focused
- To have a cost effective system
- To increase the collaboration between workforce development and business development
- To provide a quality, efficient matching system between job seekers and businesses.

Program Services:

Our Business Representatives are available to assist you with:

- Answering your personnel issues and questions
- Finding qualified applicants to fill your needs
- Providing a variety of timely information on compliance and retention issues
- Providing information on financing small business start-up costs
- Linking you to various funding sources to assist you with your training and funding needs
- Providing space at the One-Stop Center for interviewing qualified applicants
- Funding searches for company training initiatives
- Accessing Federal and State tax incentives to help you expand your business
- Matching job seekers with your education and experience requirements
